Application to be treated as a worker subject to unlimited tax liability under Section 1 para. 3 Income Tax Law

(Annex Frontier Worker non-EU/EEA to Application for Wage Tax Reduction in Calendar Year 201__)

Please note:

Workers who are **not** citizens of an EU/EEA Member State and who have neither their domicile nor their habitual abode in the Federal Republic of Germany will upon submission of this application be issued – instead of a wage tax card – a certificate showing the personal data which determine the tax withheld from wages. This must be submitted to their employer. This certificate is issued by the tax office responsible for the employer's place of business.

You will be treated as fully liable to income tax if at least **90 %** of your total income is subject to German income tax or if your income which is not subject to German income tax amounts to no more than **€ 8,004** (this amount may be diminished in relation to the conditions in your country of domicile). Please have the information you give below certified in section C by the foreign tax authority responsible for you.

To claim tax reductions including tax-free child allowances please use **in addition** the form "Application for Wage Tax Reduction".

After expiry of a calendar year you are required to file an income tax return. For this you need a certificate of wage-tax deduction, which you get from your employer. The tax office responsible for your employer's place of business is responsible for assessing your income tax.

In accordance with the laws on data protection, please be advised that the information requested in this application is required pursuant to Sections 149 ff. of the Fiscal Code and Sections 1 para. 3, 39c para. 4 of the Income Tax Law.
